

BSC Committee Meeting Minutes. 18th Feb 2010.

Attended: Andy, Dave, Pete, Steve, Stu.
Apologies: Sim.

Reports

Treasurer

- Ric has been paid for DVDs and Dave for web hosting for 2010.
- No progress getting terms on our insurance policy. (Dave suggested contacting the insurer directly.)
- **Steve to post the certificate on the forum.**

Membership

- 3 new members since the AGM up to 95.

Secretary

- Judging course ran OK.

Web

- Bit more traffic in Feb but it's still pretty quiet.

Sponsored Swim

- Looking good. Plenty of swimmers and sponsorship.
- Andy proposed we make it an annual event.

Feedback from the AGM

- All went off very smoothly.
- Pete pointed out that we should start looking for new committee volunteers now.
- Dave pointed out that he would also like to see surfing development as a stated goal of the committee in 2010.

Surf Show

- The consensus was that we couldn't justify the cost of a stand from club funds. A group of volunteers on the show floor would probably be just as effective.
- Andy suggested that we could approach a sponsor like David Lloyd to pay for a stand if we did want to do it.
- Dave suggested that a firm event date is planned for May so we can talk about it at the show + get any recruits in the water as soon as possible.

Events

- It was agreed that we would not subsidise Newquay this spring. We can see how the funds are looking in the Autumn.
- Steve is thinking about a coaching weekend before the end of April.
- Dave to forward details of freelance coaches that Mark has found.
- Gwithian, Easter weekend. Stu pointed out that the first weekend in April could be too cold. We'll play it by ear.
- Andy is planning to run another Bude weekend. Tentative date is 14th-16th May.

Competition

- Pete proposed we set up a sub committee to organise a club comp.
- He hopes to use National Trust facilities if possible.
- Dave to forward contact details for Mark Parry.

Uni Clubs

- Pete agreed to invite reps from the uni clubs to a Thursday night meeting.

Club Tops

- Andy has talked to a new supplier in Bath. Loads of permutations including embroidery.
